

Human Resource Development of East Texas
Presents
Texas Concealed Handgun Licensing Classes

Training classes are offered for the Texas Concealed Handgun License (CHL) by Paul W. Johnson. DPS certified CHL Instructor. Our basic classes are available for original issue and renewal of Concealed Handgun Licenses. The CHL courses include all the requirements by the state to receive your license or renewal.

The state requires a minimum of ten hours of training for an original-issue license, and four hours of training for a renewal.

In an original-license class, the state requires several areas of instruction to include: weapons laws, non-violent dispute resolution, use of force and deadly force, weapons storage and safety, and basic marksmanship with a range qualification.

The license renewal course requires: weapons laws, non-violent dispute resolution, use of force and deadly force, and a range qualification. Both courses require a fifty-question written examination.

Courses and Fees

Basic New License Course \$100.00
Eight (8) hours classroom, Two (2) hours range time
Thursday 6-10PM, Friday 6-10PM, Saturday 8-10AM
